

The International President, Elder Dr. Vernita Josey, and the IAMWMW Sisterhood are lifting Washington State in prayer as they experience atmospheric rainfall and challenging conditions. In these perilous times, let us continue to check on one another and remain steadfast in prayer for our sisters and communities.

To our Washington State Sisters—State President Lady Rubye Hudson, Lady Emmajean Hayes, Lady Nel Thornton, Lady Kathy Taylor, Lady Faith Washington, Lady Juanita Thomas, and all of our beloved sisters throughout the State of Washington—on behalf of the International President, we thank the Lord that everyone is safe and doing well at this time.

We remain prayerful, connected, and covered—trusting God to watch over us all.
